---

### CAREER OBJECTIVE :

I am a Front End developer. I am very serious about my work. I have done many projects with JavaScript, React. I Love to learn programming-related things.

### SKILLS:

- **Expertise:** HTML5, CSS3, JavaScript, ES6, Bootstrap5, Context API, React JS, REST API.
- **Comfortable:** Node JS, Redux, Express JS, MongoDB.
- **Familiar:** C, C++, TypeScript, Tailwind.
- **Tools:** Git, VS Code, Chrome Dev Tools, Zira, Firebase, Netlify, Heroku.

### PROJECTS:

#### → Driving-School - Website | Github(client) | Github(server)

- This is an agency website that teaches driving.
- The user needs to log in to go to the dashboard and the user can book any service. The user will be able to see and review the service they have chosen.
- To go to the admin panel, you need to log in to the admin. You will be able to see all the orders one day.

**Technology:** React, React Router, Bootstrap, Firebase, Node.js, Express.js, MongoDB.

#### → Fresh-Shopping - Website | Github(client) | Github(server)

- A full-stack responsive web application where any user can choose a product to purchase.
- The user needs to log in to view the dashboard and see all his selected products.
- Admin has to log in to go to the admin panel. Admin can delete any product and add a product if he wants.

**Technology:** React, React Router, Bootstrap, Firebase, Node.js, Express.js, MongoDB.

→ **Office-Management - Website | Github**

- This is an Office Management Website.
- The user has to login to go to the dashboard.
- The dashboard contains all the details of the company.

**Technology:** React JS, JavaScript, Bootstrap, React Router, Redux.

→ **Transportation-Riders - Website | Github**

- This is a Ride Sharing Website.
- The user needs to log in to ride.
- The user is given the category of riding on the homepage. Can select the ride at will.

**Technology:** React.JS, Bootstrap, JavaScript, React Router, Firebase.

**EDUCATION:**

B.Sc. in Computer Science & Engineering,  
Mohammadpur Central University - Current.

**ACHIEVE:**

- 250+ A and B categories problems solved in Codeforces.
- 100+ problems solved in URI.

**PROFESSIONAL CERTIFICATE:**

- Complete web development course Programming Hero.
- Web Design course It-Bari.
- Graphics Design course ITQ Solutions.

**LANGUAGES:**

- English - Conversational
- Bangla - Native
- Hindi - Conversational
